GEO Specialty Chemicals, Inc. Corporate Office Relocation

October 30, 2017, Ambler, Pa. – GEO Specialty Chemicals, Inc. announces plans to move its Corporate Office to The Ambler Yard Campus located at: 300 Brookside Avenue, Ambler, PA effective October 30, 2017. The new office will be less than 1 mile away from the current location.

Ken Ghazey, GEO's President and Chief Executive Officer said, "The relocation was necessary because our company is determined to grow strategically over the next few years. We want to be at the center of a bionetwork that shares our objectives."

GEO's new site has a state of the art Specialty & Construction Technical Center supports the following industries: oil field, construction, emulsion polymerization and textiles globally. We are committed to meeting customer requirements and exceeding expectations for quality, delivery, and service each and every time. Our enhanced Customer Service Call Center will allow for exceptional customer service and solving customer problems. We endeavor to have these qualities add value for GEO customers to be more competitive and effective in their own businesses.
